

## BIOGRAPHY

NEW STREAM BRASS BAND is the **first-ever Singapore-based New Orleans style brass band** that blends jazz, funk, latin and hip-hop styles with traditional New Orleans brass sounds. New Orleans brass bands are most famous for their "Second Line" parades, part of the city's rich cultural heritage.

The band was founded in June 2014 by Yohei (Snare drum) and Eriko (Trombone), who have been to New Orleans frequently, where they played with local musicians for gigs, street performances and Second Lines.

The band pursues an **authentic New Orleans sound**, adding tastes of steady chart hits from artists like Stevie Wonder, Michael Jackson, Bruno Mars etc. It is a **unique band form**, consisting of separate Bass and Snare drums, Washboard, Sousaphone as bass, and lead horns – Trumpet and Trombone that allow for an unplugged yet vibrant sound.

The New Stream Brass Band excels at **roving performance** as well as **ceremonial functions** such as weddings, birthdays and launches. Add some New Orleans spice to your next event!
